

FAIR TRADE

Face to Face

Travel to exotic locales and see Fair Trade in action

TransFair USA invites you to personally experience the impact of Fair Trade. Visit communities in the developing world where Fair Trade is making a real difference in the lives of farming families. You will meet the farmers who grow the coffee and other Fair Trade Certified products you enjoy and see for yourself how the extra income they earn from Fair Trade is transforming their lives and enabling them to invest in the future.

Along the way, learn about a coffee bean's journey from shaded mountaintop to your favorite mug. Experience the natural beauty of exotic and mountainous coffee-producing countries and understand how the Fair Trade movement is helping to preserve these habitats.
